JOB DESCRIPTION

Position	Specialist Tutor (flexi scheme)
Division/Branch	DAS International

We are looking for individuals with a passion in teaching children but are not able to commit to a full time job. Candidates must be able to commit to a minimum of 6 teaching hours per week. All candidates must be registered with the Ministry of Education (MOE) before they can start teaching at the DAS.

About our Specialist Tutoring Programme

Specialist Tutoring aims to motivate the young mind to develop a love of learning to become happy, successful and independent learners.

Specialist tutoring is offered on a one-to-one basis, small group basis and even through online tutoring. It is tailored to meet the profile of the children through the Individual Education Plan (IEP) and takes a problem solving approach that targets individual needs. Our ultimate aim is to help our students cope or even perform well in their Ministry of Education (MOE) Singapore schools or International schools.

Specialist Tutors work with children who may have a Specific Learning Difficulty (SpLD). This could include teaching children with mild to moderate learning difficulties, specific learning difficulties such as dyslexia, hearing or visual impairment, children with emotional or behavioral problems, and children with autism. However, some students may simply be struggling to keep up with a fast paced curriculum. Specialist Tutors work closely and meet up regularly with parents to give feedback, advice and encouragement for their child's individual learning needs.

The duties of a Specialist Tutor include

- Creating a dynamic curriculum for individuals in consultation with the Head of DAS International.
- Preparing lessons and resources.
- Teaching individuals and/or small groups of students.

- Developing and adapting conventional teaching methods to meet the individual needs of students.
- Using special facilities, such as audiovisual materials and computers, to stimulate interest in learning.
- Conducting ongoing formative and summative assessments for students.
- Consulting if required with Speech-Language Therapists and Educational Psychologists.
- Liaising closely with parents.
- Liaising with international schools
- Updating and maintaining records on students' progress.

- Certificate in Dyslexia Studies and Specialist Diploma in Learning Support for SpLD.

The DAS will subsidise 50% of the cost of the training, and the Specialist Tutor is required to pay the remaining amount. The course fees borne by the Specialist Tutor will be reimbursed upon achieving 480 hours of satisfactory teaching with the DAS.

While the DAS is invested in providing training and support, Specialist Tutors are expected to invest their personal time for the training and other matters such as attending lectures, completing the necessary course work and preparing lesson plans for the classes they are teaching.
