

# BITE-SIZED NEWS ARTICLE

Want your child to keep up with current affairs but you always hear them complaining and whining to you about how long an article is and they do not understand whatever they have read?

**Newsela** categorises content into topics, allows you to control the amount of text to adjust to your child's literacy levels, helps to improve your child's vocabulary through building word walls and check your child's understanding of the article through short quizzes.

## HOW DO YOU DOWNLOAD NEWSELA ON ANDROID AND IOS DEVICES ?

- 1 Go to the App Store / Google Play Store > Download **Newsela Student** > Open the App > Create an account > Start browsing bite-sized news
- 2 Your child can use the built-in text to speech feature by following these steps: Highlight a block of text > Click **Speak**

"He was a great scientist and an extraordinary man whose work and legacy will live on for many years," his child Annotate Copy Speak in a state

Hawking is the best-known theoretical physicist of his time. Theoretical physics is a branch of physics that uses math models to rationalize, explain and predict natural phenomena. He wrote clearly about the mysteries of space, time and black holes. One of his books, "A Brief History of Time," became an international best seller, making him one of science's biggest celebrities since Albert Einstein.
