Customise Your Programme

iStudySmart™

On-site Short Term **10-week Programme**

Designed specially for upper secondary and tertiary students to enable them to become more independent, empowered and resilient individuals.

This programme is designed for students who

- ✓ **struggle with the academic demands of school**
- ✓ **show gaps in the areas of executive functioning and study skills**

WHAT'S UNIQUE ABOUT iStudySmart™?

- Uses **multisensory** methods to get students engaged
- Provides **personalised** and constructive feedback
- Supports students in becoming more confident and effective learners in a **safe and nurturing** environment
- **Small group** setting of 6 students in a group

OUR INSTRUCTORS

- **Post-graduates**
- **Professionally trained** to provide quality support and intervention to struggling learners who are **young adults**
- **MOE** registered instructors

Choose Your Package

If you choose both, the intervention will take up to 20 weeks. The packages may be delivered consecutively or separately.

PACKAGE A

Full Course 20h

10 weeks of intervention, 2 hours per week

Time Management and Prioritisation

- Know learning styles to enable students to learn better
- Set and achieve long and short-term goals
- Prioritise their goals or tasks based on the level of importance and urgency

Planning and Organisation

- Plan and organise ideas based on a chosen research topic
- Create a timeline to complete a research project

PACKAGE B

Full Course 20h

10 weeks of intervention, 2 hours per week

Tertiary Writing Skills

- Research and gather relevant information which is valid and reliable
- Organise and synthesise information for writing
- Reference and cite information

Presentation

- Create informative and engaging presentation slides
- Grow and become a better and more confident speaker

Secondary INT Maths

On-site Short Term **10-week Programme**

Designed specifically for Secondary 1 students taking the Normal Technical Maths syllabus.

With **dyslexia-friendly approaches**, our targeted support will help in building their confidence and promote their readiness, engagement and mastery in the topics that are usually covered in the first year of school.

Choose Your Topics

Based on topics of interest, we will advise further on the educational proposal, which includes the **programme plan and a set of pre and post-tests**. An educational therapist will then be matched to conduct the lessons in the school/organisation.

SES Speech and Drama

Customised Workshops for Primary and Secondary Schools

Curriculum and duration of the workshop can be customised to achieve the school's desired objectives and outcomes.

The Speech and Drama Arts programme provides children with SpLDs a safe platform **where they can learn to express themselves, experience teamwork and develop their confidence.** Understanding the background and characteristics of these students has allowed us to develop a programme that would enhance their learning journey and discover their potential.

OUR INSTRUCTORS

- Trained and experienced educational therapists to support students with dyslexia and SpLDs
- Trained and experienced in teaching drama classes
- MOE registered instructors

OUR OBJECTIVES

CURRICULUM COMPONENTS

Tableaux	Improvisation
Emotions	Critical Thinking
Elements of Voice	Language Development through the exposure of different text types
Physical Expression	

***Content of the workshop can be customised to meet the school's requirements.**

CHOOSE YOUR WORKSHOP DURATION

Drama 101	2h
Fun with Drama	6h
Drama in Action!	10h
Speech and Drama - Level Up!	20h

***Duration of the workshop can be customised to meet the school's requirements.**

For general enquiries and to find out more about our workshops in your school, email us at anaberta@das.org.sg
